

What If? - Make it Right!

Xander doesn't always say things correctly.
Help teach him by circling the incorrect
words and rewriting each sentence correctly
on the line below each one.

"Maybe he doesn't want to be my bestest friend anymore."

"He gots some in his eye."

"Maybe he took my favorite robot and broke all the legs off!"

"Maybe it's about her bear—the one I gave her cuz I ate her cake."

His eye might have accidentally come off when me and Alex played
Crash-up Cars with him.

And what if Dad tried to unstuck her and he's glued both his hands to
the bear too!"

"My worst-est fear came true!"
